Testimony on HB 204, Advanced Energy Fund

Before the House Public Utilities Committee

Presented by Alan R. Rosenfield, ScD, FASM

on behalf of the League of Women Voters of Ohio

May 25, 2011

The League of Women Voters is a strong supporter of energy conservation and renewable energy. We encourage environmentally-responsible production of electricity. Accordingly, we are pleased to support the resumption of the Advanced Energy Fund, as proposed in HB204, which allows the State of Ohio to meet our goals as well as fund twenty-first Century technology within the State.

Thank you for your attention. I will be happy to answer any questions.
