

YOUR VOICE. YOUR VOTE. YOUR POWER.

2026
TOUR
PRESENTED
BY

The League of Women Voters of Ohio is hitting the road again! This will be our third year teaming up with Airstream, the iconic maker of American travel trailers, for our *Your Voice, Your Vote, Your Power* Tour, an epic statewide road trip to get students fired up about voting. We'll be traveling Ohio in a 20-foot Airstream Caravel, and are currently seeking colleges and universities to participate this Fall semester beginning in August until the last day of voter registration, October 5th!

We will be making stops at colleges and universities to:

- Register students to vote
- Share nonpartisan election info
- Answer questions about voting in Ohio
- Build excitement for student voices in democracy

During each stop we'll have music, snacks, games, prizes, nonpartisan voting information, and much more to create a fun and engaging experience for students. Members from our local League of Women Voters will be on hand to register students to vote and empower them with all they need to know to have their voice heard in this election. Students will leave with information about what's on their ballot, key election dates, what ID is required to vote in Ohio, and more.

Your participation and support will significantly enhance our efforts to inspire and mobilize young voters. We're eager to collaborate with you to ensure students have the resources and encouragement they need to make their voices heard in the upcoming elections and beyond. We'd love to partner with you to make this event a campus highlight. Whether you can help promote, bring student orgs together, or connect us with student media, your involvement will make a huge difference in getting young voices heard this election.

To learn more about the League of Women Voters of Ohio and our *Your Voice, Your Vote, Your Power* Tour or to request a visit to your campus, please contact us today!

“Oberlin has been a stop on the Airstream Tour the last two years and it's been a fun and exciting opportunity to get our students excited and prepared for the election. We're grateful to work in partnership with our local and state League of Women Voters!”
—Jess Sonney, Director of Student Leadership & Civic Engagement, OC Votes Chair, Oberlin College and Conservatory

“Integrating the League of Women Voters of Ohio “Your Voice, Your Vote, Your Power” Airstream trailer onto campus has provided a vibrant, high-visibility anchor for our annual, large-scale nonpartisan voter engagement event at Kent State. Our students are consistently energized to see tangible proof that there are dedicated people in the broader community to whom their civic participation truly matters. The presence of the trailer and the League volunteers serves as a powerful reminder that there is a network of community members actively cheering them on as they navigate the voting process. This partnership has not only increased our registration numbers but has also fostered a deeper sense of civic belonging among our student body.”

—Craig Berger, Associate Director at the Center for Student Involvement
Kent State University
